Czech Business Incubator

Czech Business Incubator launched in Bengaluru on March 7th, 2017. The private sector initiative, led jointly by the Association of Small and Medium Sized Enterprises and Crafts of the Czech Republic and Pushpak Products India Private Limited and fully supported by the Embassy of the Czech Republic and Trade Promotion Agency CzechTrade, is intended to create a platform for Czech SMEs' willing to explore trade and investment opportunities in the State of Karnataka. Speaking on the occasion Mr. Libor Musil said that "the objective is to encourage Czech entrepreneurs to come to Bengaluru and spend there some time with a view to finding new partners." "I applaud this excellent initiative and commit the Embassy to provide whatever support may be needed. I am also grateful to Mr. Prakash for partnering the Association in this commendable mission."

Pushpak - Czech Business Incubator

Dear Business Partners,

It is a great opportunity for us to introduce The Pushpak Czech Hub to all the companies from the Czech Republic to establish business and to explore the business opportunities in India.

Why India

As you know, India is the second most populous country in the world. The market is huge here. This is a challenge for every entrepreneur.

Why Bengaluru - the city

Bengaluru is a city ideal for starting a business in India. You will probably not understand that until you come to India. It's hard to find another city where there are such conditions. We have a good climate and educated people speaking English. The city is clean and peaceful. This makes the work much easier, and that's why international companies are setting up their headquarters here. Bengaluru is nicknamed "Silicon Valley of India".
